PENALTY OF DEATH.

It is Meted Out to Murderer Blair

IN THE OHIO PENITENTIARY.

Station Agent Arthur Henry's Brutal Murderer Dies on the Scaffold Shortly After Midnight—Brief History of the Crime for Which the Law Took His Life.

COLUMBUS, O., Aug. 21.—Though yesterday was the last day on earth for Ed Blair it passed unnoticed by any particular incidents. The murderer was very pale, but did not exhibit any signs of weakening. He passed a sleepless night, and marks of the terrible strain were borne on his face. Yesterday morning Father Logan baptized him in the Catholic faith and left him in better spirits. Shortly afterward Chaplain Sutton attended him with prayer and scriptural readings.

The remainder of the morning was spent in company with Miss Laura Blair, his sister. Conversation was directed mainly upon home topics, and the young lady spent considerable time making bonnets for each of the five condemned men in the annex.

Henry Blair, half brother to the murderer, takes the execution with more ease, saying that Ed brought his trouble upon himself.

At 5 p. m. Laura Blair was admitted to the reception room of the annex to bid her brother the last farewell. She remained nearly an hour and Warden Dyer was obliged to send for her. When told that this would be the last opportunity to say goodby, the most pathetic scene ever witnessed in the institution followed, and the strong hearts of the guards were momentarily softened, and tears were shed by them. She hysterically clasped her brother's neck, kissing him and calling his name over and over again. Suddenly she fell from his arms and caught Guard Stansell around the neck and arm, nearly overpowering him, but soon lay quivering and prostrate in his support.

At this opportunity, Blair was removed to the death cage. When the young lady realized that he was gone from her side forever, she again went into hysterics, shrieking wildly for assistance. Her cries were heard at the front office and assistants were sent to bring her from the annex. She was placed in the warden's apartments and a physician attended her. The prostration was so severe that she cannot be taken from the penitentiary before this afternoon.

Blair ascended the scaffold with firm step at 12:07 this morning. The drop fell at 12:08. His neck was broken by the fall and he was pronounced dead at 12:20. The remains will be shipped at 2 p. m. to his old home for interment and will be accompanied by his sister.

The crime for which Ed Blair paid the penalty with his life was indeed a heinous one, and it was committed while he was a fugitive from justice at Hartsburg, Putnam county, March 17, 1890. Blair was serving a seven-years' sentence in the Ohio penitentiary for burglary, and it became necessary to take him out to testify against one of his pals. At Blanchester he made a daring escape from his guards by jumping from the train. In company with two crooks he went to Hartsburg, where he had planned to rob the station of which Arthur Henry was agent. The young agent was summoned to his office by Blair, who professed urgent business with him. When he arrived, the two pals, Stout and Shoemaker, remained on the outside and Blair went in. He immediately pulled his revolver and demanded that Henry open the safe. He refused and was shot down in cold blood.

Blair fled to Parkersburg, W. Va., where he was captured some weeks later. His conviction speedily followed, and the sentence of death was passed to be carried out April 29, 1891. He was respite until June 5 in order to carry his case to the supreme court, and again until Aug. 21, to get it before the board of pardon. Each effort failed and the murder of Arthur Henry is avenged.

CAN MAKE IT RAIN AT WILL.

The Government Experiments So Far Completely Successful.

MIDLAND, Tex., Aug. 21.—General Dyrenforth and his party are again successful in their efforts to produce rainfall by artificial means, and all this region is rejoicing in a heavy and widespread rainstorm, which insures winter grass, and averts the distress which a few weeks of dry weather would have brought. This is the second heavy rain on the Morris ranch which has fallen inside of eight days, besides several light showers, and there seems to be no reasonable doubt but that the rain-makers deserve much of the credit, especially for the copiousness of the fall.

Ten days ago they began operations and they have kept up a continual "skirmish" since that time. Some of the most powerful apparatus has not been used to a great extent, but large quantities of "rackerock," a mixture of giant powder, dynamite and oxygen gas have been exploded on the ground, from kites and balloons. The readings of the instruments which Professor Curtis, of the Smithsonian institution, brought from the weather bureau at Washington, clearly show that the operations had a marked effect upon meteorological conditions, and have produced definite and practical results.

COLUMBUS, Ind., Aug. 21.—The Daily Herald has gathered the wheat yield of every farmer in Clay township. The average foots up 3,977 and the yield 79,948 bushels, an average of 20.10 per acre. Of the ninety farmers included in the above list thirty-six had over 1,000 bushels.

RAILROADERS' STRIKE.

Serious Trouble Feared at Peoria, Ill. The Situation Elsewhere.

PEORIA, Aug. 21.—Serious trouble with the strikers of the switch yards is anticipated here, and the sheriff has sworn in twenty-five deputies. Seventy-five switchmen to take the place of the strikers are on the road from Indianapolis and Dayton, and the strikers are growing angry.

The Iowa Central tried to send out a pay car yesterday, when Trainmaster Goth was roughly assaulted and severely injured. The bitter feeling intensified in the evening when, after arrangements had been made for a consultation between the parties, the railroad officers hung out a placard stating that the men had been discharged. The Rock Island and the Burlington are the only roads not affected.

Growing Serious.

INDIANAPOLIS, Aug. 21.—The strike of the Lake Erie and Western trainmen has assumed a serious aspect, and it now looks as if a bitter fight has been inaugurated and that all classes will be drawn into it before it ends. By an order issued yesterday the shops at Peru, Lima and Lafayette were shut down, and some 800 men are thus thrown out of employment. General Manager Bradbury says that he does not propose to treat with the strikers, that their action is not authorized by their order and that, unless they return to work at once, new men will be employed. He says he has offers of men from all parts of the country, and he does not anticipate any trouble in filling the strikers' places.

Boilermakers Want Eight Hours.

BOSTON, Aug. 21.—At a meeting of the local Boilermakers' union last evening a communication from the national secretary was read, stating that every employer in the United States had been notified that the union would demand that eight hours should constitute a day's work on and after May 1, 1892. A secret circular from the employers was also read, calling upon them to organize for mutual protection.

Railroad Shops Shut Down.

LIMA, O., Aug. 21.—As a result of the Lake Erie and Western strike the main shops located at Lima have shut down, throwing 800 men out of work. The strikers were given until midnight to return to work, otherwise their places will be filled.

MURDERER ALMY CAUGHT.

Found Hiding in a Barn Near Hanover, N. H.—A Desperate Man.

HANOVER, Aug. 21.—Frank C. Almy, the murderer of Christie Warden, was discovered in Mr. Warden's barn Thursday morning. Almy fired fifteen shots at his pursuers and shot A. Turner, of Norwich, slightly wounding him. The crowd withdrew and held a council of war.

While many favored burning the barn to drive Almy out the majority were for entering the barn, and volunteers for this purpose were called for. Twenty-two men immediately responded. As the party entered the barn Almy's voice was heard asking that John Fuller be sent to him as he wished to speak to him. Ex-Sheriff Bridgman and Fuller went into the loft, and after conversing with Almy, Sheriff Bridgman returned and mounting a ladder leaning against the house said to the crowd: "Fellow-citizens—Almy has been found. Now I call upon you in the name of the law and good order to restrain your anger and let the law take its course with this foul murderer. I say this at the request of the county officials, men whom we chose by our votes to act for us—we all have confidence in them."

The crowd finally agreed to let Almy be taken care of by the officers. He had threatened to kill himself and sell his life dearly otherwise. The crowd formed in lines along the road to see Almy brought out.

Almy afterwards refused to come out. The crowd finally overpowered him and he was taken to the Wheelock House under a strong guard. Before Almy was taken there was an attack upon the barn with Winchester rifles, Almy retreating with shot after shot from his revolver.

THE PRESIDENT'S BIRTHDAY.

Entertained by Senator Arkell at Mount McGregor, New York.

MOUNT MCGREGOR, Aug. 21.—President Harrison and party left North Bennington at 9 o'clock yesterday morning for this city. There was a large assemblage at the station to see the distinguished visitors off. The party arrived at this place at 10 a. m. on the special train by the Fitchburg road. He was met here by Mr. Arkell, Col. Ritohie and President Lohnas. The president looked much refreshed after the fatiguing exercises of the previous day.

The train made a short stop at Johnsonville, where the president stood on the rear platform of the car and shook hands with men, women and children who had gathered there.

Yesterday was the president's fifty-eighth birthday and the event was observed by a birthday dinner given to the president by Senator Arkell in the dining room of the hotel.

The president received word yesterday evening that Stephen B. Elkins and R. C. Kerrins are in Saratoga. They will be there during the president's stay but their visit is not supposed to have any political significance.

Over Forty Years a Justice.

LEBANON, Ind., Aug. 21.—Oliver Craven, a well known and highly respected pioneer, of this (Boone) county, died at the residence of his son-in-law, S. L. Kenworth, in this city yesterday, after a lingering illness. He was seventy-nine years old and served as justice of the peace at his home in Thornstown for over forty years.

OVER A HUNDRED

Lives Lost in the West India Cyclone,

THAT SWEEPED OVER MARTINIQUE.

Destruction of Property and Loss of Life Reported from All Parts of the Country—Buildings Crashed Out of Existence and Crops Entirely Destroyed.

PARIS, Aug. 21.—News has reached here of a terrible destructive hurricane which swept over the Island of Martinique, one of the West India islands, principally inhabited by a French colony.

The first information received here was to the effect that every vessel in the harbor of Fort de France, the principal harbor of the island, situated on the southwest side of Martinique, had been lost. St. Pierre, however, is the capital, and is on the northwest side. It is also said that the houses at Fort de France and St. Pierre had been damaged by the hurricane, and that many lives were reported to have been lost.

The only additional information received here is that the number of vessels lost is over twenty and that this number includes the Bienfaiteur and Ned White.

The Bienfaiteur is a French bark, Captain Garnier, 286 tons. She left Rio Janeiro on June 13 for Martinique. The Ned White is an American brig, Capt. Elwell, 523 tons. She left Havana on June 28 for St. Pierre.

Another dispatch has been received here confirming the report that all the vessels at Martinique were lost during the terrible hurricane there. As it is well known Fort de France and St. Pierre are important ports of the Lesser Antilles.

Later official advices just received state that the calamity which has visited Martinique is the most severe since the year 1817. The disaster is said to be equal to the famous cyclone which swept over the island of Antigua in 1871. So far as can be learned, there have been nearly ninety deaths as a result of the hurricane's visitation; but it will be sometime before the full extent of the disaster is known.

Port de France alone having twelve deaths. At St. Pierre five people are known to have been killed, but it is feared that this number does not represent the entire loss of life in the capital. Communication with the different parts of the island was never an easy matter, and it is exceedingly difficult to get detailed news at present.

As the reports from the various sections reach St. Pierre it becomes evident that the extent of the hurricane's devastations has not been much exaggerated. Destruction of property and loss of life is reported from all parts of the coast.

The latest reports received at St. Pierre from Lamentine, shows that the hurricane counts ten victims in that place alone in addition to a large number of injured.

At Francois there have been sixteen people killed and a large number injured, and at Riviere Pilote there have been two or more deaths, and so on from all parts of the island comes the tale of woe and desolation.

La Trinite sends in a list of its dead at ten and numbers of more or less seriously injured. The damage done to shipping and property may safely be classed as stupendous.

About two-fifths of the island was under cultivation, and the mountain slopes were covered with forests; all the cultivation and all the forest in the path of the hurricane appear to have been swept away. The numerous sugar, coffee, cotton and cocoa plantations, which have felt the force of the tornado, seem too have been utterly destroyed. Houses and barns, storehouses and stables have been crushed out of existence, and a considerable period must elapse before the island recovers from its terrible visitation. Every hour adds to the list of horrors, already long enough to startle anybody. Some of the poorer classes of people have lost their all, and the same may be said of a number of the richer planters.

NOT IN THE WAR.

The Baltimore and Ohio Will Not Cut Passenger Rates.

BALTIMORE, Aug. 21.—General Passenger Agent Scull, of the Baltimore and Ohio railroad, says the statement published yesterday that the Baltimore and Ohio has cut, or threatened to cut the passenger rate from Cincinnati and Chicago to New York, or anywhere else, is not true. He has had no correspondence with the general passenger agent of the Erie railroad or any other person upon the subject, and he cannot see how such reports could have originated.

The Baltimore and Ohio, Mr. Scull says, is not a rate disturber at any time, and it is too busy, just now particularly, in taking care of and developing its local business to engage in a rate war. He says further that railroad wars do not add to the revenue of railroad companies or result in any permanent advantage to the public, and the Baltimore and Ohio is therefore opposed to them.

NEW YORK, Aug. 21.—The police late last night broke up a conspiracy among the employees of the Hotel Metropole, at Broadway and Forty-second streets, to rob their employers, and arrested cashiers Albert Smith and Stark, and barkeepers Albert Bosch and Michael Manning. The men confessed their crime and said they had been stealing about \$15 a day for some time. Sensational developments are looked for at their arraignment.

Land for the Landless.

ARKANSAS CITY, Kan., Aug. 21.—A letter from Washington gives positive assurance that the Iowa, Sac and Fox and Pottawattamie reservations will be opened for settlement Sept. 15.

AFFAIRS OVER THE ATLANTIC.

Caprivi May Resign from the German Cabinet—Other Foreign News.

LONDON, Aug. 21.—A Berlin dispatch says there are strong rumors afloat of Caprivi's approaching resignation. The chancellor has for some time past been on formal terms with the kaiser, owing to his disapproval of measures that the kaiser approved, and it is said that the kaiser is willing that Caprivi should go, but does not wish to drive him away.

The kaiser is gradually reducing the office of chancellor to less importance, it being his purpose to have Prince Henry his chief representative, and to have the prince attend to some of the more important functions now discharged by the chancellor. It is claimed in behalf of this change that Prince Bismarck, when chancellor, exaggerated the office, and arrogated duties that belonged to royalty. The interview between the kaiser and Caprivi on Wednesday is said to have been of unusual warmth, although Caprivi, immediately afterward, went about the business of the empire as if nothing had occurred.

Serious Situation in Germany.

LONDON, Aug. 21.—The Chronicle's Berlin correspondent presents a dreary view of the situation in Germany. September, he says, promises a crop of failures small and big of farmers as well as city merchants. The home-grown rice is only fit for manure, and it is feared that the substitution of wheat in the army may, owing to the effects of the change, cause the troops to lose stamina.

Germany Also Protested.

BERLIN, Aug. 21.—The North German Gazette confirms the statement that Herr Von Brandt, the German ambassador at Peking, joined with the representatives of the other powers in remonstrating with the Chinese government against the outrages committed by Chinese subjects upon foreigners.

A Student's Crime.

LEIPZIG, Aug. 21.—The Baron Zedlitz and Neukirch, a student at the university, shot and killed his mistress, Lizzie Meissner, at her lodgings early this morning, and then committed suicide. The baron's father is a well known Berlin politician and a member of the upper house of the Prussian diet.

Oil Refinery Burned.

BERLIN, Aug. 21.—The Kohlenufers oil refinery has been burned. Four thousand casks of oil exploded and the streets were flooded with the blazing liquid.

Lord Justice General Dead.

LONDON, Aug. 21.—The lord justice general of Scotland, Right Hon. John Inglis, died yesterday, aged 81.

HORROR AT A HANGING.

The Victim's Head Almost Torn from His Body.

LIVERPOOL, Aug. 21.—James Conway, the steamship fireman who was recently sentenced to death for the boy whose body was found on May 19 last floating in a sailor's bag in Hardon dock, this city, was hanged Thursday morning. When Berry, the hangman, was pulling the black cap over Conway's head, the latter shouted: "Hold on, I want to say something." Berry replied: "You can't speak now." The priest who was in attendance on the criminal interfered and Conway asked forgiveness for his sins.

When the drop fell, and Conway disappeared from view, a dripping sound was heard. An investigation showed that Conway's head had been practically torn from his body, the head only being held to the body by the muscles of the neck, and from this terrible wound blood was pouring upon the floor. In his confession, which the priest read, Conway said that he was intoxicated when he murdered the boy, and his reason for taking the boy's life was a morbid curiosity to observe the process of dying. He denied having assaulted the boy as was at first suspected.

A FARMER'S FIND.

He Discovers a Quantity of Old Coins Buried Under a Log.

BLOOMINGTON, Ind., Aug. 21.—About noon Wednesday while Henry Rohrer a farmer, was cleaning up a meadow, about 200 yards from his residence, he found a large amount of old coin reaching the face value of \$102. It was under an old log, and well covered with dirt, and was lying on the ground.

There are 142 half-dollars, none of which are later than 1837, and some are of the past century. There are also a number of Spanish and Mexican coins, reaching a very old date. How the money came to be there is a mystery, as there has been no house near there. The only solution seems to be that some one has stolen an old collection of coins, and that for fear of detection they have been secreted in this way, and the thief was never able to return for his booty.

ALLIANCE CONVENTION.

What was Done Yesterday Down in Georgia.

ATLANTA, Aug. 21.—The state Alliance convention yesterday re-elected L. F. Livingston, the congressman from the Fifth Georgia district, as president. The convention refused to investigate the charges which some members wished to prefer against President Livingston.

A resolution was passed condemning railroad consolidation in this state, and calling upon the legislature to enforce that provision of the constitution which forbids consolidation of railroads in Georgia.

Ocala Platform with an Addition.

RICHMOND, Aug. 21.—The Alliance convention yesterday adopted the Ocala platform with an addition demanding that the congressmen elected should give the sub-treasury plan or something better.

JNO. T. MARTIN & Co. opened a new line of soft and stiff hats this morning. The boys will have an opportunity to wear the latest style hats if they call at the Red Corner. a17d6t

THE Bourbon Fair, the oldest and one of the best in the State, will be held September 1st and 5th inclusive. The company has the thanks of the BULLETIN for a complimentary.

THE new Constitution majority was underestimated, but that sixty thousand pounds of barb and plain fence wire was not overestimated. Frank Owens Hardware Company can furnish any quantity of it. tf

MINE's maxims are interesting to-day, as they always are. Read them and then if you want anything in the boot and shoe line call at this old and reliable house, and you will get full value for your money.

FIFTY cents instead of a dollar. Why? Why, so every one can try it and be convinced of the great merit of Pioneer Sarsaparilla. Thousands testify to its merits. Price, 50 cents. For sale by Power & Reynolds.

HENRY ORT's display of furniture at the fair this week is as elegant as can be found anywhere. It is a sample of the fine stock of goods he carries. If you need anything in his line, you will find it to your interest to call on him.

FAIR visitors and everybody else are cordially invited to call at Ballenger's, where they will find the most elegant line of jewelry in Maysville. His stock embraces the very latest in charms, pins, rings, &c., &c. Goods guaranteed.

A FEW of the members of the T. A. S. and A. O. H. will give a "visitors' social" this evening at their new hall in the Dodson Building. Visiting and associate friends and the brother members of the two organizations are cordially invited.

THE Dover News says: "W. D. Cushman recently sold the young mare Mattie Green to John Larkin, of Loogootee, Ind; price \$600. Since the sale Mr. Larkin writes that the mare is going a fast gait and he has been offered \$1,200 for her."

THE tobacco reports coming in from the country vary considerably, some portions claiming a short crop but others a very large yield. Frank Owens Hardware Company are manufacturing the celebrated Armstrong tobacco knives, and can furnish any number of them to the wholesale trade.

GEORGE CLARK, colored, was monkeying with a pistol while returning from the fair grounds, when it went off, much to George's surprise, the ball passing through one of his hands. He had tried it twice and it missed fire. He is now in the lock-up on charge of carrying concealed weapons.

THE ladies of the Central Presbyterian Church will serve refreshments to the public in the Cox Building, third door east of the postoffice on Wednesday, Thursday and Friday evenings of this week. All who desire a good supper, and be refreshed with a dish of iceburg cream can be accommodated. Doors open at 7:30 o'clock each evening. a18d4t

UNDER the new election law in Ohio, Huntington Township, Brown County, has been divided into two voting precincts. The dividing line begins at Fitch's bridge; thence it goes with the Ripley and Bradysville pike to its junction with the Martin's Hill Pike; thence with the Martin's Hill pike to its junction with the Huntington and Slickaway pike; thence, easterly, through the lands of Mrs. David Carrigan, south of the old home formerly occupied by Sylvanus Kinner, south of Mrs. M. A. Wilson's residence; north of Wm. Gray and Allen Little and south of D. Scott; thence to Adams County line. Those south of this line will vote in Aberdeen while those living north of the line will vote at Hiett.

BLUE RIBBON FAIR.

It Attracts Thousands From the Surrounding Country on the Third Day.

The Attendance the Best to Date. List of Prize-Winners in the Arena—The Races.

Thursday was a big day at the Maysville fair and races. The people turned out notwithstanding the threatening weather in the forenoon, and the grand stand was thronged by a smiling, happy, hand-shaking crowd. The attendance was by far the best of the week, to date. The weather was not so uncomfortably warm as on previous days. The heavy clouds that scudded across the sky in the forenoon cleared away at midday, and the afternoon was breezy and sunshiny until a late hour, when a light shower fell. The rain came too late to interfere with the sport in the speed ring.

P. P. Parker, W. S. Dudley, Jr., D. E. Bullock and T. A. Keith were directors

for the day in the arena. The exhibition included the harness, roadster and saddle classes of horses, but it was not up to that of previous fairs in the number of contestants, as three rings failed to fill.

Following is a list of the premiums awarded, with the name of the successful exhibitor:

HARNESS MAHERS.

Mare, four years old and over, J. L. Donnell, Carlisle, \$20.
Mare, three years old and under four, J. W. R. Curtis, Brooksville, \$15.
Mare, two years old and under three, J. L. Donnell, Carlisle, \$10.
Mare, one year old and under two, L. T. Hendrickson, Dover, \$10.

ROADSTER STALLIONS.

Stallion, four years old and over, Aug. Sharpe, Louisville, \$20.

SADDLE GELDINGS.

Gelding, four years old and over, Roland & Land, of Lexington, \$20.
Gelding, three years old and under four, T. Hughes, Fleming County, \$15.
Gelding, two years old and under three, E. Davis, Helena Station, \$10.

The set of harness valued at \$60, given by the Keith-Schroeder Harness Company, for the best road horse, mare or gelding, was awarded to Augustus Sharpe, of Louisville.

There were six races on the programme, and some of the heats were as close and exciting as any of the meeting so far. The track was in fairly good condition. The 2:32 trot postponed from Wednesday was the first finished. It took but one heat to settle it, Myrtle B. leading under the wire and taking the race. She had two heats to her credit when the race was called Thursday. Verlinda second, Knight Hood third, Sallie C. fourth, Lula B. fifth, Miss Q. sixth and Eula G. seventh. Time, 2:30 1/2.

There were only two contestants for

A ROADSTER.

the Central Hotel stake of \$1,000—Andy Cutter and Bannermark. The former had things his own way, taking the race in straight heats. He hasn't lost a race this year. Summary:

Andy Cutter.....1 1 1
Bannermark.....2 2 2
Time—2:31 1/2, 2:31, 2:31 1/2.

The great Bonnie Wilmore won the 2:19 trot in straight heats. Purse \$500. He had only two competitors, Bermuda and Angelina. Allie Wilkes was brought out and scored for awhile, but was drawn before the race was commenced. In the second heat, Bermuda got too close to Angelina as they entered the stretch, and took a spoke out of one of her wheels. He finished second, but was set back last. Summary:

Bonnie Wilmore.....1 1 1
Bermuda.....2 2 2
Angelina.....3 3 3
Time—2:21 1/2, 2:21, 2:21 1/2.

The next race on the programme was the 2:27 trot for the merchants' stake of \$1,000, divided—\$600 to first horse, \$250

to second and \$150 to third. Collinwood won the race, Pat My Boy getting second money and Stella Belmont third. It was one of the prettiest races of the week, between these three. The finish in the last heat was one of the closest and most

exciting witnessed so far during the meeting. Collinwood broke just as he passed under the wire, and as Pat My Boy was only about half a head behind, some thought the heat would be given him or declared a dead heat. Collinwood was clearly entitled to it and it was so decided. Summary:

Collinwood.....1 1 1
Trafford.....2 2 2
Pat My Boy.....3 3 3
Nellie McGregor.....4 4 4
Boone Wilson.....5 5 5
Stella Belmont.....6 6 6
Time—2:23, 2:24, 2:26.

The pace for three-year-olds, mile heats, two best in three, was also an exciting contest. Miller Ward and Blanch Louise were the only starters. They were pretty well matched in color, size and speed, and went most of the two miles almost side by side. Summary:

Miller Ward.....1 1 1
Blanch Louise.....2 2 2
Time—2:31 1/2, 2:29 1/2.

The C. and O. stake for yearlings—a mile heat—was taken by Lucy Simmons, Blanton second, Vaseline third. Time, 3:02 1/2. The winner is a small roan filly, owned by W. H. Radcliffe, of Sharpsburg. She is a pure-gaited little animal.

The exhibition in the floral and art hall is a very pretty one. Kackley & Cady, Henry Ort, the Keith-Schroeder Harness Company, White, Judd & Martin and others have fine displays. Fol-

TEACHERS' TALKS.

Discussions of Various Methods of Instruction by Members of the Institute.

Closing Proceedings of the Session. Resolutions of Thanks Adopted.

The Institute was called to order Wednesday at 9 o'clock a. m. by Superintendent Blatterman. After scriptural reading and prayer, Prof. Swift gave instructions on the metric system, continuing the discussion of arithmetic. Josiah Wilson gave blackboard illustrations of the process of inverting the divisor. W. R. Chandler explained the division of fractions by reducing to a common denominator. Mr. Garrett explained the subtraction of compound numbers.

The subject of grading pupils caused a spirited discussion participated in by Messrs. Wilson, Dodson and Berry.

Physiology was the subject of an interesting talk by Prof. Swift. Mr. Cook followed with a talk on the text-book course in physiology. Miss Degman spoke on the subject of proper exercise, and was followed by Superintendent Blatterman, who said the teachers should use their influence to get improvements for school houses, so as to make them pleasant and comfortable.

Mr. Pollitt discussed the subject of oral lessons in history. He was followed by Hayes Thomas, who gave an interesting talk on "The Teacher's Part in the Recitation." Prof. Swift placed an outline of U. S. History on the board for topical study.

In the afternoon the first subject was Geography. It was discussed by Prof. Swift. He advised the use of the molding-board. Miss Evans described her method of map-drawing, which was good. She teaches history in connection with geography.

Prof. R. H. Dodson illustrated map drawing and methods of review.

Mr. W. T. Berry thought teachers should visit each other's schools. In this way they could get better ideas of each other's plans than at institutes.

Prof. Swift commented on the above topics and explained the method of using a hectograph. He also explained map-drawing by use of straight lines, and the winds and their directions. After a recess, the query box was opened and disposed of. Prof. Swift then exhibited and explained some very excellent maps he had drawn, showing the grain, mineral, grazing and manufacturing regions of the earth.

In taking up the subject of "Civil Government," Mr. Swift said: "We should begin with the family, then proceed in order to the school, town or city, county, State and United States." Teach carefully the duties of the various officers. Adjourned until 9 a. m. Thursday. "Theory and Practice" was the first subject Thursday morning. Prof. Swift delivered a very interesting talk on this topic. He used a diagram, and advised teachers to study psychology that they may better understand the mind of the child, whereby they may better develop body and mind. The location of the affections caused a spirited discussion in which Messrs. Chandler and Dodson made some excellent points.

"The School" was discussed by Rev. R. H. Dodson. He delivered some instructive remarks, after which Superintendent Blatterman spoke on the duties of local school officers.

"The Recitation" was the subject of a very interesting talk by Prof. W. R. Chandler.

The Superintendent gave some instructions on the school laws, commenting on the duties and responsibilities of the Board of Education, Superintendent of Public Instruction, County Superintendent, County Examiners, District Trustees and teachers.

As the hour drew near for final adjournment, Prof. Swift said he was glad to have formed the acquaintance of so many intelligent and zealous teachers.

Prof. Wilson offered the following, which was adopted:

Resolved, That the thanks of the association are due and hereby given to our County Superintendent G. W. Blatterman for the impartial manner in which he has presided over the Institute and for the interest which he has taken in the cause of education. Also to the Board of Education for use of the High School building.

A vote of thanks was tendered Miss Carrie Pollitt for the music furnished; also to Miss Anna Hudson, W. T. Berry and H. B. Collins for their services as Treasurer, Secretary and Assistant Secretary.

The Institute then adjourned, sine die.

HEAVY FAILURES.

Business Firms That Have Become Embarrassed.

LIABILITIES OF MILLIONS.

A Receiver Appointed for the American Wheel Company, Having Works Throughout Indiana, Ohio, Michigan and Other States—Failures Elsewhere.

PHILADELPHIA, Aug. 21.—A branch of the receivership of the American Wheel company, a far-reaching enterprise with twelve plants in different parts of the country, came up for hearing yesterday before Judge Butler, of the United States circuit court. The law firm of Morris, Newberger & Curtis, of Indianapolis, was represented, appearing for Julius F. Pratt, of Indianapolis, who is a very heavy stockholder, and who, for himself and other complainants, asked for a receiver for the company's property in this state. The defendant company was represented by Attorneys Sharp and Alleman, of Philadelphia.

Mr. Pratt, it was stated, together with the other complainants, is a holder of about \$1,800,000, over three-fourths of the capital stock of the company. The American Wheel company, it appeared, was organized in December, 1889, for the purpose of carrying on the business of manufacturing, selling, and dealing in wheels for vehicles, and for that purpose to construct and acquire suitable manufacturing sites, plants, warehouses and stores and other buildings and structures, together with all necessary and suitable machinery, apparatus, tools, and the various appliances, etc.

On the 18th inst. on application of counsel for Mr. Pratt and the other complainants, the United States circuit court, at Indianapolis, appointed Noble C. Butler receiver. The company, it was stated, was heavily in debt, having notes outstanding aggregating \$1,750,000, and owing about \$50,000 for labor, so that its debts, besides its capital stock, amounted substantially to \$1,800,000.

Its assets were given as \$1,500,000 in Indiana, \$1,000,000 in Ohio, \$440,000 in Michigan, \$220,000 in Pennsylvania, \$85,000 in New York, \$50,000 in Massachusetts, and \$10,000 in Illinois. To this total of \$3,395,000 was added \$800,000, consisting of notes and bills receivable, etc., coming to the company, swelling its entire assets to \$4,195,000. Of this the values of the plants, machinery, tools, apparatus and appliances connected with them were given at about \$2,040,000. The manufactured stock, products, materials and supplies, \$1,250,000, and that of the horses and wagons, etc., \$15,000.

Following the appointment of Mr. Noble Butler, receiver for the company's property in Indiana, receivers will have to be appointed in each state where it has possessions. Accordingly a receiver has been appointed in New York state, and Judge Butler appointed Joshua Pusey receiver for the company's property in Pennsylvania. This consists of leased buildings at West Chester, valued at \$220,000. Mr. Pusey's security was fixed at \$10,000, with the understanding that it should be increased if occasion called for such action.

Southern Lumber Company Assigns.
ATLANTA, Aug. 21.—The Southern Lumber company, a corporation stocked at \$150,000 and worth about \$300,000, with two large mills in south Georgia and owning about 2,500 acres of timberland in that section of the state, is now in the hands of a receiver, with liabilities estimated at \$125,000. Stringency in the lumber market prevented the company paying its laborers, and consequently about \$15,000 in laborers' liens were about to be taken out.

Also a Boston Firm.
BOSTON, Aug. 21.—At a meeting of the creditors of the Suffolk Manufacturing company yesterday it was decided to petition the firm into insolvency, and Mr. P. E. Tucker, of the Coe Brass company, was appointed to attend to the matter.

Great Forest Fires.
ORAN, Algeria, Aug. 21.—A fire which has been devastating the forest of Aumi Moussa, sixty-five miles east of Mostaganem, has already destroyed 35,000 acres of trees.

Stopped Making Cigars.
NEW YORK, Aug. 21.—Charles A. Petreins, cigar manufacturer at 25 Old Slip, assigned yesterday to W. P. Taylor with preferences of \$1,200.

Milwaukee Firm in Trouble.
NEW YORK, Aug. 21.—Lindstreet's reports: "The Wilkin Manufacturing company, saw mill machinery, Milwaukee, has assigned to John Barth."

Founders Fail.
GLASGOW, Aug. 21.—Thomas Eddington & Company, iron founders of this city, have failed with liabilities of \$50,000.

BEREFT OF REASON.

A Hamilton, Ohio, Man Suddenly Becomes a Maniac.

HAMILTON, O., Aug. 21.—Clarence Gruty, aged 21, who drives a bakery wagon for Becker & Haungs, became suddenly insane yesterday. He went to the bakery early as usual to obtain his supply of bread, and while there his peculiar actions attracted attention. He swore and stormed about and frightened a young lady clerk into hysterics. He left with his bread and delivered it promiscuously without attention to his customers. In the wagon was a little son of Cass Stengel. The boy wanted to leave Gruty, but couldn't until he managed to slip away while Gruty was looking up the street, where he imagined he saw God Almighty approaching.

The police were notified and started to look for Gruty. About noon the bakery wagon was found near the river, but Gruty was missing and so was the horse. Some fears are entertained for the man's safety, and it is thought that he may have committed suicide. Several searching parties are scouring the country around. He was an exemplarily young man and it is hard to account for the attack.

Misses Lizzie, Ella and Annie Chanslor, Messrs. Berry Bedford and Will Clarke, all of Millersburg, Miss Jessie Shed, of Lexington, and Mr. E. G. McMath, of Cincinnati, are guests of Mr. Frank Armstrong, of "Edgewood."

A Very Successful Cure of Burley.

We have received from Dr. J. M. Frazee a sample of Burley cured by the Snow process in his new barn near Germantown, Mason County, Ky. The cure was certainly a success if the sample is a criterion, and it would surprise most burley growers to see the fine yellow color and body and aroma of the leaves, which compose this sample. It proves that burley can be made an all-round product—suitable for fillers, wrappers, cutters or smokers, and will vie with any raised East. The Snow process and the barn is the great desideratum.—Western Tobacco Journal.

Trains For the Fair Grounds.

Every day of the fair the C. and O. will run special trains every thirty minutes in the morning and every fifteen minutes from noon until three p. m., from Market street to the fair grounds. Rates, 10 cents one way or fifteen cents round trip. Tickets on sale at ticket office in Central Hotel. Trainstop at Lexington street.

Fair Privileges For Sale.

On the fair grounds at Germantown, Ky., Saturday, September 5th, at 2 o'clock p. m., the following privileges will be offered for sale to the highest and best bidder, viz: booths, dining hall, depositing offices and stables. The society will reserve the right to reject any or all bids. 19-22 J. A. WALTON, Secretary.

Children Enjoy

The pleasant flavor, gentle action and soothing effects of Syrup of Figs, when in need of a laxative and if the father or mother be costive or bilious the most gratifying results follow its use, so that it is the best family remedy known and every family should have a bottle.

SAYS the Western Tobacco Journal: "O. H. P. Thomas & Co., well-known Maysville shippers, boast of having 100 hds of the best re-dried tobacco in the Mason County district, and they propose to carry it over until better prices prevail for fine tobaccos."

Died, on the morning of August 17, 1891, of typhoid fever, Laura Dimmitt, daughter of James and Sally Dimmitt, in the twenty-second year of her age. The deceased was born here and spent most of her young life in our midst. About three years ago she united with the Christian Church, and has adorned her profession by living true and faithful to its calling. It would be vain for me to express in words the sadness and gloom that the death of this estimable young lady has cast over our community. Modest and retiring in her disposition, amiable and pleasant in her intercourse with her associates, ever warm hearted and true, she held a warm place in the affection of all who knew her. After a few appropriate remarks and prayer by Rev. E. Bright, in the silent and lonely place of the dead, by the side of many dear friends who have gone before, amid the singing of sad and mournful songs, the sighing and weeping and flowing tears of broken-hearted loved ones, all that was mortal of this dear girl was laid to rest, until that morn when with all of God's children she will be gathered home. It was a yet beautiful sight, eleven little boys carrying bright bouquets walking in front of the remains of their faithful Sunday school teacher. The grave was lined with evergreens, relieving it of much of its lonely appearance.

A Traveling Man's Experience.

F. S. Verbeck, who represents the type foundry of Messrs. Barnhardt Bros. & Spindler, Chicago, says: "On my return home from a trip I found our little girl sick with summer complaint. I went to a drug store and procured a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. We gave her a few doses according to directions. She recovered in a short time and we were well pleased with the medicine." For sale by Power & Reynolds.
